## Jacques Vert Plc

### AGM Statement

Steve Bodger, Chairman of Jacques Vert plc, the womenswear clothing retailer, will make the following statement at the Group's Annual General Meeting to be held later today:

"On a like for like basis, sales in the first 22 weeks of the current financial year were 0.2% higher than last year. This represents an encouraging performance in the current uncertain retail environment. In line with the general retail market there has been a weakening in sales and margin performance over the last three weeks, however it is too early to say if this is a trend that will continue.

### Note to Editors:

The Group retails four womenswear brands: **Jacques Vert**, **Windsmoor**, **Planet** and **Precis**. Sales are made predominantly in the UK, Canada and Eire through circa 1,000 outlets and via the Internet.
